License Period	1 year
Cost	\$127.41 after a 15% coupon
Renew	\$150 (or current fee) per year
Added Features	<ul style="list-style-type: none">• Limit to 100 participants per meeting• 24 hour max meeting duration• No limit on the number of meetings• Meeting recording of video and audio with 1 GB of cloud storage for recordings• One administrator• More flexible meeting control

Zoom Usage

- Only the Zoom Host can create and schedule meetings
- Only Bowling Committee members can request a meeting
- At least one Bowling Committee member must be in each meeting
- All meetings should be about some SIR Bowling topic
- Only one meeting can be held at a time; i.e., no concurrent meetings
- Meetings can be for:
 - Internal Committee
 - Large meetings including all PMs and Branch Bowling Chairs
 - Tournament level meetings with Committee members and tournament leaders

Constant Contact Functions

- CC is a professional email management application. It is mostly used by large companies that send thousands of emails.
- CC manages a list of contacts for a company.
- The contacts can be separated into email lists, depending on selection criteria.
- There are powerful email templates and edits for the creation of emails.
- It tracks how many emails were sent, how many were bounced, how many were opened. It also shows each contact that didn't open the email with ability to send a second, different email.
- It supports surveys.

SIR and Constant Contact

- SIR INC uses CC for internal emails and for broadcasts to all SIR members, or large groups of members, such as Bowling.
- The SIR INC license includes ten "project managers" that can create emails and send them to selected contacts. SIR Bowling has one of those ten.
- SIR has over 11,000 contacts, almost all of which are SIRs.
- Several SIR Branches use separate CCs for their emails.
- SIR Bowling currently has 215 bowlers in the SIR INC contact list.
- We have used CC to send email blasts to all of the bowlers because of the need to cancel several tournaments. Hopefully, we will use it again to announce that the tournaments are back.
- We could use CC to send general meeting Zoom invitations to the TMs and Bowling activity chairmen.
- We could also use CC to send tournament announcements to all 215 bowlers.
- I am the contact for CC use by the Bowling Committee
